Prebiotic blend (FOS, Fiberaid® Arabinogalactan)	60 mg*
*Daily Value not established	

Other Ingredients: Capsule (cellulose, water), microcrystalline cellulose, magnesium stearate and silica. This product may contain trace amounts of dairy protein.

Our Suprema Dophilus is a highly concentrated and potent multiple species probiotic supplement. It provides a wide array of the most beneficial bacteria in large amounts that help provide an excellent digestive environment within the small and large intestines.

** The lactobacillus and bifidobacterium strains used in this proprietary blend are produced exclusively by Danisco, a world leader in probiotics. Their probiotic strains are stabilized using a patented poly matrix system (patent # 6,653,062) that provides shelf stability at normal room temperature. Each **Bio-Enhanced, Acid Resistant Strain (BEARS)** has been specifically designed to survive stomach acid secretions during digestion. BEARS eliminates the need for enteric coating by preventing the destruction of viable cells that occurs when weaker strains are exposed to an acid environment. No refrigeration required.

Contains No salt, yeast, wheat, gluten, corn, soy, preservatives, artificial colors or flavors.

Suggested Use: As a dietary supplement, adults take one (1) capsule daily during meals or, as directed by a health care professional. Store in a cool, dry place and away from direct light. Keep out of the reach of children.

QUALITY AND POTENCY GUARANTEED.
